

WARDROBE FOR OPPORTUNITY
FIND A JOB. KEEP A JOB.
BUILD A CAREER.

These are difficult times we are experiencing with both the COVID-19 pandemic and the racial injustice that divides our diverse country. Racism has denied many blacks, as well as other marginalized underrepresented minorities, the security, self-worth, and well-being for most of their entire lives. At Wardrobe for Opportunity, we have always stood for helping those in the Bay Area bridge the employment gap and the recent events toward the black community reminds us that we have to strive to work harder to create a Bay Area where everyone feels included and is treated equitably with a sense of belonging. We stand with #blacklivesmatter.
